### U.S. ENVIRONMENTAL PROTECTION AGENCY ANNOUNCEMENT OF PUBLIC NOTICE OF GROUND WATER PERMIT ACTION

The U.S. Environmental Protection Agency (EPA) intends to issue an Underground Injection Control (UIC) permit-related action, under the authority of the Safe Drinking Water Act and UIC program regulations, for the Suckla Farms #1 well operated by Wattenberg Disposal, LLC, EPA permit number CO10938-02115. This action would authorize the operator to continue injection of Class I nonhazardous fluids into the subsurface for the purpose of disposal. The public notice, which requests comments on this action within 30 days, can be found at the EPA Region 8 UIC program's website:

[2.epa.gov/region8/underground-injection-control](http://2.epa.gov/region8/underground-injection-control).

Alternatively, the public may contact or call Linda Bowling at [bowling.linda@epa.gov](mailto:bowling.linda@epa.gov), 800-227-8917 extension 312-6254 or 303-312-6254 to get a copy of the public notice and/or documentation associated with this action.

### U.S. ENVIRONMENTAL PROTECTION AGENCY ANNOUNCEMENT OF PUBLIC NOTICE OF GROUND WATER PERMIT ACTION

The U.S. Environmental Protection Agency (EPA) intends to issue an Underground Injection Control (UIC) renewal permit-related action, under the authority of the Safe Drinking Water Act and UIC program regulations, for the Suckla Farms #1 well operated by Wattenberg Disposal, LLC, EPA permit number CO10938-02115. This action would authorize the operator to continue injection of Class I nonhazardous fluids into the subsurface for the purpose of disposal. The public notice, which requests comments on this action within 30 days, can be found at the EPA Region 8 UIC program's website: <http://www.epa.gov/region8/water/uic>. Alternatively, the public may contact or call Linda Bowling at [bowling.linda@epa.gov](mailto:bowling.linda@epa.gov), 1-800-227-8917 extension 312-6254 or (303) 312-6254 to get a copy of the public notice and/or documentation associated with this action.

Re: Underground Injection Control Draft Permit, Wattenberg Disposal, LLC, Class I Nonhazardous Industrial Waste Disposal Well Permit No. CO10938-02115 – Suckla Farms #1 Well, Weld County, CO (SHPO Project: #66562)

Dear Mr. Minter:

Thank you for your correspondence dated September 3, 2014 (received by our office on September 4, 2014) regarding the above listed subject matter.

A search of the Colorado Cultural Resource Inventory database indicated that no cultural resource inventories have taken place in the proposed project area and no historic properties have been recorded within the subject property. However, our files contain incomplete information for this area, as most of Colorado has not been inventoried for cultural resources. As a result, there is the possibility that as yet unidentified cultural resources exist within the proposed project area.

Under state and federal laws, our office takes on a consulting role on projects that have the potential to affect historic properties (such as buildings and archaeological sites). Please note if this project includes Federal involvement (federal permitting, federal funds or federal lands), Section 106 of the National Historic Preservation Act (16 U.S.C. 470) requires the federal agency to meet the requirements of as set forth in 36 CFR 800 ("Protection of Historic Properties") and the lead federal agency remains legally responsible for all required findings and determinations of National Register of Historic Places (NRHP) eligibility and project effects (36 CFR 800.2(a)(3)).

Should the project uncover human remains during the proposed project activities, the requirements under State law C.R.S. 24-80 (part 13) apply and must be followed.

Thank you for the opportunity to comment. If we may be of further assistance, please contact Todd McMahon, Staff Archaeologist at (303) 866-4607/[todd.mcmahon@state.co.us](mailto:todd.mcmahon@state.co.us) or Dan Corson, Intergovernmental Services Director at (303) 866-2673/ [dan.corson@state.co.us](mailto:dan.corson@state.co.us).

Sincerely,

Edward C. Nichols  
State Historic Preservation Officer  
ECN/TCM

Re: National Historic Preservation Act Evaluation, 1422 UIC Class I Well, Wattenberg Disposal LLC, Suckla Farms #1 Disposal Well, Weld County, Colorado, Permit No. CO10938-02115 (CHS #65686)

Dear Ms. Bowling:

Thank you for your correspondence that we received via electronic mail on March 25, 2014 initiating consultation for the subject project under Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800.

After review of the documentation provided, it is our opinion that a finding of no historic properties affected is appropriate for the proposed project pursuant to 36 CFR 800.4(d)(1).

Please remember that the consultation process does involve other consulting parties such as local governments and Tribes, which as stipulated in 36 CFR 800.3 are required to be notified of the undertaking. Additional information provided by the local government, Tribes or other consulting parties may cause our office to re-evaluate our comments and recommendations.

Should unidentified archaeological resources be discovered in the course of the projects, work must be interrupted until the resources have been evaluated in terms of the National Register of Historic Places eligibility criteria (36 CFR 60.4) in consultation with our office.

Thank you for the opportunity to comment. If we may be of further assistance please contact Mark Tobias, Section 106 Compliance Manager, at (303) 866-4674 or [mark.tobias@state.co.us](mailto:mark.tobias@state.co.us).

Sincerely,

  
for Edward C. Nichols
